

# Below Knee Shrinker

*One ply above patella end below patella*  
First layer above patella (left photo), slide "O" ring up to distal limb. Apply second layer just below patella - mid patella tendon (right photo).

*Two ply above patella*  
First layer - above patella (left). Slide "O" ring up to distal limb, apply or reflect 2nd layer, terminate at level of 1st layer on thigh (right).

*Three ply shrinker*  
Apply 1st layer above patella (left). Apply 2nd layer below patella (right).

Then reflect 3 ply down to cover distal limb (right).

*Apply shrinker with donning tube*
